

Name : _____

Making Compound Words

A compound word is when two words are put together to make a new word with a different meaning.

after + noon = afternoon.

Add a word from the bank below to each word on the list. You may add the word before or after the word on the list, but make sure they make a real compound word. Write the new compound word in the blank.

Word Bank : ball, case, light, room, spoon, bread, cloth, note, row, time, brow, house, pop, sail, tub
