

Relative Pronouns

A **relative pronoun** introduces a subordinate clause. A relative pronoun generally relates the descriptive information found within a subordinate clause to a noun or pronoun found in the main clause. The relative pronouns are that, which, who, whom, and whose.

EXAMPLES	<p>Mario owns a Great Dane which is a very large dog. [which introduces the subordinate clause which is a very large dog and relates this descriptive information to Great Dane.]</p> <p>Mario, who owns a Great Dane , lives next door [who introduces the subordinate clause who owns a Great Dane and relates this descriptive information to mario.]</p> <p>Mario, whom neighbors often see outside , has a large yard. [whom introduces the subordinate clause whom neighbors often see outside and relates this descriptive information to mario.]</p> <p>The Great Dane that Mario owns is almost always with him. [That introduces the subordinate clause that mario owns and relates this descriptive information to Great Dane.]</p>
-----------------	---

REMINDER

A **subordinate clause** has a subject and a verb, but the clause cannot stand alone as a sentence. Information contained in a subordinate clause is generally less important than the information contained in a sentence’s main clause. **Which fell from the sky** is a subordinate clause. Ted found a meteorite, **which fell from the sky** is a complete sentence.

EXERCISE A Underline the relative pronoun in each of the following sentences.

Examples	<ol style="list-style-type: none"> 1. Do you enjoy stories that are about time travel? [That begins the subordinate clause that are about time travel.] 2.
